

- 1) Please make sure you are logging in via this link:
<https://game.asx.com.au/game/student/school/2015-2/login>

You will get this login page:

The screenshot shows a web page titled "ASX SCHOOLS SHAREMARKET GAME". Below the title is a white box with the heading "Student login". Inside this box, there is a message: "Sign in with your Syndicate Login ID as well as your password. If you don't know them, please see your teacher who can provide these details to you." Below this message are two input fields: "Login ID:" and "Password:". To the right of the "Password:" field is an orange button labeled "Login".

- 2) When you login, you need to use your Login ID – this is a number, it is not your syndicate name. And password.

(Teacher note: You can find all student login ID's and passwords on the Syndicate management page.)

- 3) Once you have entered your Login ID and password, you need to click on the Login button

If you get an error message, try entering in your details again – if you can copy and paste your Login ID and password this always helps.

If you are still having problems and your password was a generated one, ask your teacher to change it to one you can easily remember (but not too easy for others to guess).

Teacher note: To change a password, go to Syndicate management, select Edit and this will take you to the page where you can edit the student password and save.

If you worked through all of the above and are still having issues please email us at school.smg@asx.com.au.
