Game rankings

The Rankings page lets you compare your performance against other syndicates.

You can view the Overall ranking (1) which is the top 100 nationally. You can also select the dropdown list to view State, New Zealand and International rankings, as well as your school, year and subject rankings.

On this page you can also see your own ranking (2). Under My stats you can see your Overall ranking, your location ranking as well as your portfolio value and other statistics.

You can also view a summary of the top syndicates' performance. All you need to do is click on the Syndicate name (3) in the rankings table to see information on how that portfolio is performing
